

I Want to Go Home

Fats Domino

Well, I'm tired and I gotta go home
I'm tired and I gotta go home
My baby told me she's gonna set me free
If I don't hurry back home So I better be on my way
You know I cannot stay
It's been nice you know but I got to go
Yes, I gotta go home I left my baby, my friend
I know she's waiting for me
Don't want to sing the blues
I got too much to lose
So I guess I better go home Well, I'm tired and I gotta go home
I'm tired and I gotta go home
My baby told me she's gonna set me free
If I don't hurry back home So I better be on my way
You know I cannot stay
It's been nice you know but I got to go
Yes, I gotta go home I left my baby, my friend
I know she's waiting for me
Don't want to sing the blues
I got too much to lose
So I guess I better go home
