

# I Like You Better

Frazey Ford

I like you better, ohh  
I like you better, ohh Those hands gets the best of me, ohh  
I like crawlin' down on me  
I wanted to hold you  
Forever, forever, forever  
Forever, forever, forever And I wait as you hold it  
Goddamn, gotta roll with it, gotta roll with it  
And the ride gets ov-over  
Where are you goin'?

[Incomprehensible] I can't think no more, I can't think  
I can't use my brain, I can't think no more  
I can't think no more, I can't think  
I can't use my brain I like you better, ahh  
I like you better, whoa Those hands gets the best of me  
Your leg crawlin' down on me, ohh  
And I wanted to hold you  
Forever, forever, forever  
Forever, forever, forever And I wait as you hold it  
Goddamn, gotta roll with it, roll with it  
And the ride gets over  
But where are you goin'?

[Incomprehensible] I can't think no more, I can't think  
I can't use my brain, I can't think no more  
I can't think no more, I can't think  
I can't use my brain I can't think no more, I can't think  
I can't use my brain  
I can't think no more, I can't think  
I can't use my brain I like you better, ohh  
I like you better, ohh  
I like you better, ohh
