

# Songbird

## Coldplay

Go on with your song bird, you can't go wrong bird  
You will go on and on bird, like you did before  
Though your wings are broken the sky is so wide open  
And the wind is waiting for you like an open door  
Though you go so far away, your voice will still be heard so well  
You'll never really ever know how beautiful you are  
When the moon is on the rise I'll try to make my songbird fly  
I wonder if he ever will and if he really did, how far  
Go on with your song bird, you can't go wrong bird  
You will go on and on bird, like you did before  
Though your wings are broken the sky is so wide open  
And the wind is waiting for you like an open door  
Though you go so far away, your voice will still be heard so well  
You'll never really ever know how beautiful you are  
When the moon is on the rise I'll try to make my songbird fly  
I wonder if he ever will and if he really did, how far  
Go on with your song, bird you can't go wrong bird  
You will go on and on, bird, through the open door  
Go on with your song bird, you can't go wrong my bird  
You will go on and on, bird, like you did before, like you did before
