Suicide

Killa C

(Intro)
I fuckin feel like I need to die...
Ya know what I'm sayin dawg?...
But I don't want to do it ALONE!...
So let me know...
ARE YOU WITH ME!

Keep it goin, aint no stoppin now,
(I'll fuck you up, you can fuck me up)
Keep it goin, aint no stoppin now,
(LETS FUCKIN DIE TOGETHER!)

Take it to the wrist now lets begin,
Razor blades cut deep under the skin,
Pass the salt lets make it burn,
Gimme that blade, man, now it's my turn,
Cut, cut, pass lets do it right,
And we'll stay bloody all through the night,
Seal that stump up with the torch,
Are we gonna die? hell yeah, of course,
Imma start cuttin' of all my toes,
Throw 'em in the blender so nobody knows,
You got 10 fingers, that's 10 too many,
Don't stop choppin' till your knuckles are empty,
Holy fuck, man, that looks like it hurts,
I think you hit an artery, look at the blood squirt,
That's the way now, dogg, take the pain,
If you really do it man, your insane...

Keep it goin, aint no stoppin now,
We aint done till the bloods all out (cut me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (stab me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (bloody)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out

Step it up a notch and sharpen the knife,
Don't worry though, it's just your life,

I'll stab you in the shoulder, you can stab me back,
Just keep that shit away from my sack,
Drink a couple 40's make the blood a lil thinner,
When it comes to this shit, I ain't no beginner,
Plant your axe in the side of my head,
We can't stop till both of us are dead,
Allow me to pluck out both of your eyes,
Dig in your sockets and feel inside,
There's so much blood pooled on the floor,
It's all I can see, but all I want is more...

Keep it goin, aint no stoppin now,
We aint done till the bloods all out (cut me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (stab me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (bloody)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out

Go for a scalple and cut out my arms,
I done this before so don't be alarmed,
Take an ice pic and pierce through my lungs,
I think we both should cut out are tongues,
Some say it's evil, I say it's true,
Think about it while I spit blood at you,
Would you be mad if I severed your lips? (hell naw)
I love the fact that you don't give a shit (its all gravy)
Do me a favor and cut out my face,
I'll eat my flesh 'cause I love the taste,
We're all out of body parts to sever, (aww...)
Atleast we did this and stayed together,
I think it's safe to say, I can call you a friend,
We'll probably be tight until the end,
Any way now, hurry up lets die,
I have to kill you first, 'cause ur inside my mind!

Keep it goin, aint no stoppin now,
We aint done till the bloods all out (cut me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (stab me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (bloody)
Keep it goin, aint no stoppin now,

We aint done till the bloods all out

Keep it goin, aint no stoppin now,
We aint done till the bloods all out (cut me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (stab me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (bloody)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (fuck)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (cut me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (stab me)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out (bloody)
Keep it goin, aint no stoppin now,
We aint done till the bloods all out
