

Caddillac Love

Lloyd

Oh, oh oh woo
Um yeah, heyNow girl I know you down to ride
The places we can go to
My Caddillac's parked right outside
And you know that it's old school
Sitting low in my '64
Hit the switches and we can cruise baby
It's only one thing I want you to know
And soon yeahGirl I love your body
Hop in my big body
And let me hit you off with some Caddillac love
I love the way that you move
Come on baby let's cruise
Let me hit you off with some Caddillac love, Caddillac love (love)Where we rolling out tonight?
Can't wait till I can touch you
I know that I can get you right
You looking good on those 22's
Gripping grain on a Saturday night
Its gone get crunk boy I'm feeling you (feeling you)
From the wood to the chrome boy you know that's it's on (it's on)Boy I love your body
I'm all in your body
Let me hit you off with some Caddillac love
(Let me hit you off with some Caddillac lovin' babe)
I love the way that you move
Come on baby let's cruise
Let me hit you off with some Caddillac love, Caddillac loveI just want to ride (ride, ride)
So baby come inside (ride, ride)
I just want to ride (ride, ride)
So baby come inside (ride, ride)
Let me come insideBoy I love your body
I'm all in your body
Let me hit you off with some Caddillac love
(Let me hit you off with some Caddillac lovin' babe)
I love the way that you move
Come on baby let's cruise
Let me hit you off with some Caddillac love, Caddillac loveGirl I love your body
Hop in my big body
And let me hit you off with some Caddillac love
I love the way that you move
