

# That's the Reason

[Willie Nile](#)

Well that's the reason, I love you  
That's the reason that I'll be true  
That's the reason that I love you  
That's the reason Well, I wake in the morning the sun's on the rise  
I don't have a worry or care  
The touch of your fingers, the look in your eyes  
The curls in your long brown hair Well that's the reason, I love you  
That's the reason that I'll be true  
That's the reason that I love you  
That's the reason  
Well, early in the morning my working day is done  
I get you and we go for a drive  
I hang out the window, hold you in my arms  
Baby, you make me feel so alive Well that's the reason, I love you  
That's the reason that I'll be true  
That's the reason that I love you  
That's the reason, yeah yeah yeah yeah  
Well that's the reason, I love you  
That's the reason that I'll be true  
That's the reason that I love you  
That's the reason, yeah
