

# You

## Trina

(Verse 1)

Hey

You play to many games  
I aint even gotta say no names

Love

Yea like really

Why you gotta make me look so silly  
Why you gotta make me feel so dumb  
Cuz I run back to him then he act so dumb

Now chicks in his phone

I'm surprised he aint dumb

Now yellin letting em scream

Now I'm feelin real dumb

Love can be a liar

Love can be deceiving

Love is never temporary cuz it's never leaving  
But you left everything that was good for you  
We did all of the things that you wouldn't do  
And now you think I'm suppose to run back to you

So we can start on over(Chorus)

I thought you was down to ride

But when it came that day

I guess Somebody lied

See the games you play

I played them all the best

And I'm certified

I'm holdin on to me

Lovin me

A fool for you I'll never be

I'm all for you but you don't see

I'm lettin go

Get away from me

Neva put a man in front of ya self  
Love you first you can do it by yourself  
You already kno you only bout one thang

But he talkin bout nuttin

He aint talkin bout a ring

He aint talkin bout a ring

Get up outta my face

He aint talkin bout a ring

I can pay my bills

He aint talkin bout a ring

I'm independent

He aint talkin bout a ring

How you feel(Verse 2)

I'm independent

Don't need for nuttin

I'm always stuntin

I'm what you wantin

Dudes come to me

And I say it's nuttin

Cuz I'm into you

You think I'm frontin

You think I'm frontin

But I'm the same

Imma stay up all nite

When you high shit

Talkin shit

Why you wanna come home all mad

Trynna accuse me of sumthin

Who I'm touchin

Who I'm lovin

You in my phone aint findin nuttin

Why you actin like that

I aint doin nuttin

You me feel ion need lovin

Ion need you

I wouldn't give it all up juss to be wit you

And I hate just wateva you can't do

But I kno what I gotta do

Love me

Say bye to you(Chorus)

I thought you was down to ride

But when it came that day

I guess Somebody lied

See the games you play

I played them all the best

And I'm certified

I'm holdin on to me

Lovin me

A fool for you I'll never be

I'm all for you but you don't see

I'm lettin go

Get away from me

Neva put a man in front of ya self  
Love you first you can do it by yourself  
You already kno you only bout one thang

But he talkin bout nuthin  
He aint talkin bout a ring  
He aint talkin bout a ring

Get up outta my face  
He aint talkin bout a ring  
I can pay my bills  
He aint talkin bout a ring

I'm independent  
He aint talkin bout a ring  
How you feel(Verse 3)

As I take this vow  
To love me myself and I

Neva

Will I put a man before myself

Neva will I settle for less

Neva

Will I be disrespected

See

Wat I learned is it's all temporary

And when you find the right one

You know it

You know it(Chorus)

I thought you was down to ride

But when it came that day

I guess Somebody lied

See the games you play

I played them all the best

And I'm certified

I'm holdin on to me

Lovin me

A fool for you I'll never be

I'm all for you but you don't see

I'm lettin go

Get away from me

Neva put a man in front of ya self

Love you first you can do it by yourself

You already kno you only bout one thang

But he talkin bout nuthin  
He aint talkin bout a ring  
He aint talkin bout a ring

Get up outta my face  
He aint talkin bout a ring

I can pay my bills  
He aint talkin bout a ring  
I'm independent  
He aint talkin bout a ring  
How you feel
