

Missing Me Now

Elize

Bet youâ€™re missing me now, bet youâ€™re missing me now.
Doesnâ€™t matter what you do, Iâ€™m moving onto something new.
I Bet youâ€™re missing me now, I bet youâ€™re missing me now.
You never shouldâ€™ve done me wrong, Guess you donâ€™t know what you got til its gone
Bet youâ€™re missing me now, bet youâ€™re missing me now.

Right after we met, You were sweet and funny.
You were charming and I actually thought you were kinda stunning.
That boy so pretty, I never thought youâ€™d do me harm.
Thought that I would never leave your arm.
That just goes to show, a heart donâ€™t always know.

Bet youâ€™re missing me now, bet youâ€™re missing me now.
Doesnâ€™t matter what you do, Iâ€™m moving onto something new.
I Bet youâ€™re missing me now, I bet youâ€™re missing me now.
You never shouldâ€™ve done me wrong, Guess you donâ€™t know what you got til its gone
Bet youâ€™re missing me now, bet youâ€™re missing me now.

Right after you left, Things got kind of ugly.
You would try your best to make up, but I knew that you didnâ€™t love me.
That boy so pretty, You should have never let me go.
I guess thatâ€™s something that you already know.
And I just have to smile, you had me for a while.

Bet youâ€™re missing me now, bet youâ€™re missing me now.
Doesnâ€™t matter what you do, Iâ€™m moving onto something new.
I Bet youâ€™re missing me now, I bet youâ€™re missing me now.
You never shouldâ€™ve done me wrong, Guess you donâ€™t know what you got til its gone
Bet youâ€™re missing me now, bet youâ€™re missing me now.

And now youâ€™re calling me
After all those things that you did to me, baby.
You say youâ€™re sorry but itâ€™s a little too late now.
Bet youâ€™re missing me now, bet youâ€™re missing me now.
Doesnâ€™t matter what you do, Iâ€™m moving onto something new.
I bet youâ€™re missing me now, I bet youâ€™re missing me now.
Iâ€™ve found somebody smarter than you, and totally hotter than you.
I bet youâ€™re missing me now, I bet youâ€™re missing me now.
