# One In a Million

## Phrenia

I'm waiting, just send me a sign, oh,
The cold night is freezing my breath.
I would rather leave this life than
Hurt you again.

I'm dreaming that this fall is over,
No more steps, I can't get no further,
Those moments they felt like,
They felt like an eternity.

I will light up the fire,
We will be up in the stars this night
Just let me in again,
And take my everything.

I can't go back to change my past,
The moments, they are gone forever,
But they're still holding me tight.

I'm waiting, just send me a sign, oh,
The cold night is freezing my breath.
Where could I go?
I've lost the light.

Take a brake and look inside me,
Can you see my wounds? I'm bleeding.
This feeling, it tears me apart,
Slowly loosing the vision of you.

Let me in,
Let me in.

I will light up the fire,
We will be up in the stars this night
Just let me in again,
And take my everything.

I can't go back to change my past,
The moments, they are gone forever,

But they're still holding me tight.

I will light up the fire...
Just let me in again...

You meant the world to me,
And I was so alive,
Now I am lost and hopeless,
Will I ever find the way out?

I will light up the fire,
We will be up in the stars this night
Just let me in again,
And take my everything.

I can't go back to change my past,
The moments, they are gone forever,
But they're still holding me tight.
