

Over Exposure

Afi

I have seen ten roses bleed
Seen new petals fall
I have felt my soul tear
I have felt nothing at all
Watched what was vibrant
Fade as shadows fall I can see it's been done
All that was pure has been eradicated
I can see, it's all done
Nothing can erase the damage done I have seen ten liars love
Seen two lovers lie
Seen youth, blinded, smiling
I have seen deceit handed down
From the highest height
Below the lowly I can see it's been done
All that was pure has been eradicated
I can see, it's all done
Nothing can erase the damage done I have seen beasts
Bathed in glory
Tread across the angels
As they crawl Take it all away
Regress to nothing
Can someone please take
These images from my mind?
