

Helmet in the Bush

Korn

I keep asking
What's your lie?
It is disturbing
This isn't mine
Days keep passing
One notch at a time
I don't feel right
Please God let me sleep tonight
Everyday confronted
Fuck off, it's giving in
I just want to know why!
Want to give it up but I can't escape
I keep asking
Again please try
It is haunting
This takes my mind
Days keep passing
Line after line
I don't feel right
Please God don't let me die tonight
Everyday confronted
Fuck off, it's giving in
I just want to know why!
Want to give it up but I can't escape
