Exercise

Wavves

Talking in my sleep tonight
I just need to close my eyes
Eyes, eyes, eyes
Eyes, eyes, eyesDancing while the world is burning down
My head's on fire, feet can't touch the ground
I can't believe the shit they feed to us
They're lying to our face, faceWe're dancing while the world is burning down
My head's on fire, feet can't touch the ground
I can't believe the shit they feed to us
They're lying to our face, face, face
It's trueWalking in my sleep tonight
I just need the exercise
Eyes, eyes, eyes
Eyes, eyes, eyes
Dancing while the world is burning down
My head's on fire if my feet can't touch the ground
I can't believe the shit they feed to us
They're lying to our faceIt's true
