Whatever It Takes

The Faders

I've been lying here for like a million years in my bed
Get up get up get up
All the time I can hear you talking in my head
Shut up shut up shut up

Everybody says I should be moving on
Everybody knows I'm still waiting

I don't care whatever it takes to be with you
Your under my skin and no matter what I do
I'm nothing without you so I'll do whatever it takes

I've been thinking about how we could have done things differently
Give up give up give up
Yesterday i could have sworn I heard you calling me
Wake up wake up wake up

Everybody says baby life goes on
Everybody knows I'm still waiting

I don't care whatever it takes to be with you
Your under my skin and no matter what I do
I'm nothing without you so I'll do whatever

I'll do whatever it takes
Nothing will stand in my way
We had it good
I want it back
I know your feeling the same
And I'll do whatever it takes

I don't care whatever it takes to be with you
Your under my skin and no matter what i do
I'm nothing without you
I have to be with you
So I'll do whatever it takes
