Jiggy Girl

Profyle

You were in a state of shock
Too hot
Blew up the spot
I knew I had to take you home tonight
I gotta admit it, I can't lie
You're so sexy, you're so fly
Changed a player into a family type of guyNot a vowel on your face, no make up trace
Body like as fine one that's ready to taste
Personality so cool when you're at it to
I'm feeling you girl
You've got it going onJiggy, jiggy girl
You're the finest in the world
You're the kindest shorty I've ever seen
Jiggy, jiggy girl
You're a diamond and a pearl
No other lady compares to youI can't deny, I was lost
When I looked into your eyes
Every move you make I start to fantasize
I see you hear me, I can see it girl
Slow rolling, no show, your love is so softNot a vowel on your face, no make up trace
Body like as fine one that's ready to taste
Personality so cool when you're at it to
I'm feeling you girl
You've got it going onJiggy, jiggy girl
You're the finest in the world
You're the kindest shorty I've ever seen
Jiggy, jiggy girl
You're a diamond and a pearl
No other lady compares to youAll night you've been watching me
And I know you want it baby
Think about the love you could be losing
When it's me girl you should be choosingJiggy, jiggy girl
You're the finest in the world
You're the kindest shorty I've ever seen
Jiggy, jiggy girl
You're a diamond and a pearl
