

Fly on the Wall

t.A.T.u.

When you're naked in the shower
When you're sleeping for an hour
When you're big, when you're small
Oh, I wish I was a fly on the wall When you're with her after midnight
When you kiss her in the dim light
When you break Barbie doll
Oh, I wish I was a fly on the wall Wanna see who you are
Every inch, every scar From your head to your toes
I would be there
From your bed to your clothes
I'm in the air When you think you're alone
I'll be down the hall
I could see it, if I was a fly on the wall
What you do in your room
I could see it all
You undress, I wish I was a fly on the wall, yeah For the drama that you're drinking
And the dark thoughts you are thinking
And the love notes that you scrawl
Oh, I wish I was a fly on the wall Silently I arrive
You don't know I'm alive From your head to your toes
I would be there
From your bed to your clothes
I'm in the air When you think you're alone
I'll be down the hall
I could see it, if I was a fly on the wall
What you do in your room
I could see it all
You undress, I wish I was a fly on the wall, yeah
Wish I was a fly on the wall, yeah
Yea-eah Ever closer, ever nearer
When you're looking in the mirror
I would know who you called
If I was a fly on the wall From your head to your toes
I would be there
From your bed to your clothes
I'm in the air When you think you're alone
I'll be down the hall
I could see it, if I was a fly on the wall
What you do in your room

I could see it all
You undress, I wish I was a fly on the wall, yeah
Wish I was a fly on the wall, yeah
Yea-eah From your head to your toes
I would be there
From your bed to your clothes
I'm in the air
What you do on your own
I could see all
When you think you're alone
I would crawl When you think you're alone
I'll be down the hall
I could see it, if I was a fly on the wall
What you do in your room
I could see it all
You undress, I wish I was a fly on the wall, yeah
