Flipper

1, 2, 3, 4So you're a lowrider, man
Walkin' down the street
Get into your lowrider
All those girls you'll meet
Get out after school just to play it coolLowrider
LowriderSo you go to class at school
And you're acting real cool
With those girls in their catholic dresses
You want to be real nice
But you know they're just your viceLowrider

A manLet's go down to target video
And beat up some punk rockers
Snort some dust and cruise slow
And slower they have those punk rock
Parties at target, we gonna beat them upSay lowrider
LowriderNa, you guys are fucking boring
Maybe not you two
The rest of you just standing there
Like a fucking bunch of dullsWhy don't you try
