

# Lowrider

## Flipper

1, 2, 3, 4 So you're a lowrider, man  
Walkin' down the street  
Get into your lowrider  
All those girls you'll meet  
Get out after school just to play it cool Lowrider  
Lowrider So you go to class at school  
And you're acting real cool  
With those girls in their catholic dresses  
You want to be real nice  
But you know they're just your vice Lowrider  
Lowrider  
A man Let's go down to target video  
And beat up some punk rockers  
Snort some dust and cruise slow  
And slower they have those punk rock  
Parties at target, we gonna beat them up Say lowrider  
Lowrider Na, you guys are fucking boring  
Maybe not you two  
The rest of you just standing there  
Like a fucking bunch of dills Why don't you try  
And do something at least?  
Try and kill each other you know  
That's better, kiss my boots Lowrider
