Someday

Rob Thomas

You can go, you can start all over again
You could try to find a way to make another day go by
You can hide, hold all your feelings inside
You could try to carry on when all you wanna do is cry
And maybe someday we'll figure all this out
Try to put an end to all our doubt
And try to find a way to make things better now that
Maybe someday we'll live our lives out loud
We'll be better off somehow, someday
Now we wait and try to find another mistake
If you throw it all away then maybe you could change your mind
You can run, oh, and when everything is over and done
You could shine a little light on everything around you
Man, it's good to be someone
And maybe someday we'll figure all this out
Try to put an end to all our doubt
Try to find a way to make things better now that
Maybe someday we'll live our lives out loud
We'll be better off somehow, someday

And I don't wanna wait, I just wanna know
I just wanna hear you tell me so
Give it to me straight, tell it to me slow
'Cause maybe someday we'll figure all this out
We'll put an end to all our doubt
Try to find a way to just feel better now that
Maybe someday we'll live our lives out loud
We'll be better off somehow, someday
'Cause sometimes we don't really notice
Just how good it can get
So maybe we should start all over
Start all over again
'Cause sometimes we don't really notice
Just how good it can get
So maybe we should start all over
Start all over again
