

Maroons

I've got a head rush, hush, you're heaven's dial, a crush  
 I prayed for you forever and he sent you last November, finally  
 You better hold tight flight two shadows, one at night  
 Each instant lasting so long the spirit in this very song, reminding me Life has taught me lessons like don't dare  
 to question fate  
 For God will do the gifting all we've got to do is wait  
 So if anybody asks you if your love is alive  
 Tell them all to count up to three hundred and sixty-five 365, 365 days a year  
 Three hundred and sixty-five  
 That's how much I love you dear  
 365 I got a love Jones in my bones, I hear a saxophone  
 A melody so haunting it leaves my heart never wanting  
 More than you, you really fit the bill the first day of April  
 Now I know that deep inside my heart  
 You're gonna play the biggest part in my love debut For with you comes the passion like springtime I fathom  
 grand  
 I cherish every blessing I get when you kiss and hold my hand  
 So if anybody asks if your love is alive  
 Tell them all to count up to three hundred and sixty-five 365, 365 days a year  
 Three hundred and sixty-five  
 That's how much I love you dear  
 365 Do you remember last November, baby  
 That's when I met you, heaven sent you baby, ah Sometimes I stop and throw my hands up in the air  
 You make me holler, hey Tee Tee won't go away  
 It's more than just a feeling, it's destiny  
 I'm gonna testify about the long you're giving to me I'm gonna break it down for you, gonna break down  
 Break it down, break it on down, I love you  
 Anybody asks if your love is alive  
 Tell them all to count up to three hundred and sixty-five 365, 365 days a year  
 That's how much I love you baby  
 Three hundred and sixty-five  
 That's how much I love you 365, 365 days a year  
 That's how much I love you baby  
 Three hundred and sixty-five  
 That's how much I love you 365, 365 days a year  
 That's how much I love you baby
