

# Fearless Hearts

## Mr. Fluff

We've been waiting for the lifetime  
We've been searching for the right ones  
There's nothing that can tear us apart

These are sounds of the fearless heartsThese are sounds of the fearless hearts

These are sounds of the fearless hearts  
These are sounds of the fearless hearts

These are sounds of the fearless heartsEvery time we could feel where we stand

The fearlessness remind us the fights we dance  
We've never show surrender  
The light up strength is forever  
Our stand for love

Here we are againWe've been waiting for the lifetime  
We've been searching for the right ones  
There's nothing that can tear us apart

These are sounds of the fearless heartsThese are sounds of the fearless hearts

These are sounds of the fearless hearts  
These are sounds of the fearless hearts

These are sounds of the fearless heartsWe been waiting for the lifetime  
We been searching for the right ones  
There's nothing that can tear us apart

These are sounds of the fearless heartsThese are sounds of the fearless hearts

These are sounds of the fearless hearts  
These are sounds of the fearless hearts  
These are sounds of the fearless hearts
