Speedy's Coming

Scorpions

Do you look at a poster Do you look at the wall The wall in the room where you live Where you live with your stars Just listen to his records Now hear what he says For he says, "I love you, little girl Come to see me today" Speedy's coming You live in his heart Speedy's coming You live in his heart Do you like Alice Cooper Do you like Ringo Starr You like David Bowie And friends in the Royal Albert Hall Stick up the pictures Movies, TV And I'll bring you the show, little girl Come to see me today

Speedy's coming You live in his heart Speedy's coming You live in his heart Do you like Alice Cooper Do you like Ringo Starr You like David Bowie And friends in the Royal Albert Hall Stick up the pictures Movies, TV And I'll bring you the show, little girl Come to see me today Speedy's coming You live in his heart Speedy's coming You live in his heart Speedy's coming You live in his heart

Speedy's coming You live in his heart
