

# We've Got Forever

**Michael Jackson**

We've got forever, forever I'll plant you a garden of laughter and tears  
With rain and with sunshine  
Love will grow through the years  
The dreams that we're dreaming  
Have time to come true 'Cause we've got forever  
And forever is meant for so very few We shall have music  
We shall have rhyme  
We shall have each other  
One minute after the end of time  
Ooh baby Then we'll add up the pleasures  
And treasure the sums  
Caring is sharing, the cake and the crumbs  
How lucky we are to be, me and you 'Cause we've got forever  
And forever is meant for so very few We've got, we've got, we've got  
We've got, we've got, we've got  
We've got, we've got, we've got
