

# I Still Ain't Over You

## Augustana

Out of luck and out of tune  
Half the day and I'm confused  
Love may wash away the blues  
But I still ain't over you  
Damn the day that I forgot  
Came so close then almost lost  
It's been one year and 14 months  
But I still ain't over you  
Hey, I'm the blood in your veins  
I'm the cold when it rains  
I'm your heart when it breaks  
Time, no, it ain't on our side  
I'm the truth to your lie  
I'm your tear when you cry  
Back and forth and side to side  
Right ain't wrong if wrong ain't right  
I will love you day and night  
'Cause I still ain't over you

Hey, I'm the blood in your veins  
I'm the cold when it rains  
I'm your heart when it breaks  
Time, no, it ain't on our side  
I'm the truth to your lie  
I'm your tear when you cry  
'Cause when the walls come crashing in  
When the flames come closing in  
Just remember time and again  
I still ain't over you, hey  
Oh hey, I'm the blood in your veins  
I'm the cold when it rains  
I'm your heart when it breaks  
Time, no, it ain't on our side  
'Cause I'm the truth to your lie  
I'm your tear when you cry
