

Let Them All Talk

Elvis Costello & The Attractions

Hear what I say, see what I do
Believe me now I'm all over you

All over you

I know a place, a certain very tender spot
To have and to hold, to have and have not

Listen to the sad song that the radio plays
Have we come this fa-fa-fa to find a soul cliché

Let them talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk

Oh yeah we're killing time just to keep you clocking on
These are the best years of your life
Now they're here and gone

Do the world a service and you could do yourself a favour
Whose tongue now is tasting last week's flavour
Our day will come when you have squandered all your youth
To have and to hold, a stranger to the truth

Listen to the sad song that the radio plays
Have we come this fa-fa-fa to find a soul cliché

Let them talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk

Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk
Let them all talk, let them talk, let them all talk

Oh we're killing time just to keep you clocking on
These are the best years of your life
Now they're here and gone

Now they're here and gone

Now they're here and gone

Let them
