Up from the Crypt

Manilla Road

Disciples of Hell
Mortus in flesh
Corpses that kill
Living off deathWith this crimson
Sacrifice
All the dead
Shall live and rise
Up From The CryptContorted limbs
Tis blood they crave
The Rite begins
Amongst the gravesWith this human
Sacrifice
All the dead
Shall live and rise
Up From The CryptDemons Gate
Opened Wide
Nightmares Fate
Lives to dieMortified
Flesh from Hell
Comes to life
For the killRed mist and gore
Cover the earth
Virgin flesh torn
Death given birthWith this infant
Sacrifice
All the dead
Shall live and rise
Up From The Crypt
