

# Dead Skin

## Decyfer Down

I'm Falling to pieces  
All i can see is  
The web i'm spinnig in  
It feels like i'm drowning  
But i'm still breathing  
I'll fight you till the end  
You pushed so hard and got so far  
I can't go on like this  
I will never believe it the lie that you're feeding  
Im shedding you like dead skin  
Im crawling from under  
the hate you pull over  
It covers me like dead skin  
This Dead skin i'm sick of living in  
This Dead skin i'm shedding you again  
You Play on my weakness  
Fuling your Madness and it will haunt you in the end  
Eyes of desire  
Feed off of your fire  
I'll die before i give in  
You pushed so hard and got so far  
I can't go on like this  
I will never believe it the lie that you're feeding  
Im shedding you like dead skin  
Im crawling from under  
the hate you pull over  
It covers me like dead skin  
This Dead skin i'm sick of living in  
This Dead skin i'm shedding you again  
(i'm shedding you again)  
You pushed so hard and got so far  
This Dead skin i'm sick of living in  
This Dead skin i'm shedding you again  
I will never believe it the lie that you're feeding  
Im shedding you like dead skin  
Im crawling from under  
the hate you pull over  
It covers me like dead skin  
This Dead skin i'm sick of living in

I'm shedding you again
