

Look Sharp!

[Lisa Mychols](#)

Big shot, tell you what
Tell me what goes on around here
Go on and get me in the corner
Smoke my cigarettes and drink my beer Tell me that this world
Is no place for the weak
Then you can look me in the eye
And tell me if you see a trace of fear You gotta look sharp
You gotta look sharp
And you gotta have no illusions
Just keep going your way looking over your shoulder Okay, what you say
Tell me what they're wearing this year
Go on and laugh at me 'cause you don't see
That I got something going right here Say I'm just a dreamer
Say I'm just a kid
Well ace, shut your face
Maybe you will see or hear You gotta look sharp
You gotta look sharp
And you gotta have no illusions
Just keep going your way looking over your shoulder Big shot, thanks a lot
Gotta go it's getting late
I got a date with my tailor now
Thanks for putting me so straight Tell me, how they run
The crime down every street
But check your watch and wallet now
Before I go and you're too late You gotta look sharp
You gotta look sharp
And you gotta have no illusions
Just keep going your way looking over your shoulder
