

Boys Will Be Boys

Roger Miret and the Disasters

A riot boy I just don't give a shit
Wasting your time I ain't listening
PC punks fuck off! Shove your fuckin dove
Evil is the bastard that's gonna spit in your face
Boots and braces we're out again
Drank a bit much don't give a damn
Boys! Boys will be boys
They will be boys... Oi! Oi!
Fought the law ain't never been sorry
A rock n roll thug out for glory
Chaos is my life, violence makes me tick
Steering up the boys and getting ready for a fight
