Robert Earl Keen

I was talking to another strange face who was tellin' me that he didn't have the timeChorus: All I want to do is climb that mountain; All I need is the other way
All I am is a lost soul, searchin' All I have is todayI was walkin' through the sands of silver to the Saphire canyon on the River of Jade
I was followin' a gold sun settin' when suddenly the light began to fade...
Chorus:I was ridin' in a black Tornado with the top pulled down and the lights on dim.
I heard angels singin' in the darkness, singin' some Southern gospel hymn...
Chorus:
