

Broken Diamonds

Toyah

(Words Willcox / Music Bogen)

Temptation

Motivation

Hesitation

Trepidation

And we're walking on broken diamonds

Blinded by their light

In a world of splintered fragments

Careering through our lives

Fascination

Sensations

Destinations

Celebrations

Infatuations

And we're walking on broken diamonds

Blinded by their light

In a world of splintered fragments

Careering through our lives

And we're walking on broken diamonds

Blinded by their light

In a world of splintered fragments

Careering through our lives

No it ain't easy

And I know that you really try

Although nothing can save us

Our love is a star in the sky

Insinuations

Reputations

Situations

Imagination

We're picking up the pieces

We're picking up the pieces

All the little pieces

I've got you and you've got me

I've got you and you've got me

You've got me, you've got me

You've got me, you've got me

Begging on my knees

Fascination

Temptation
Just imagination
Or infatuation
Infatuation
We're walking on broken diamonds
Blinded by their light
In a world of splintered fragments
Careering through our lives
