LET ME

DVERI_LOHI

[Gabriel solo]Are you the one
That I've been looking for all along
I can't wait any longer
I don't have much time
Please tell me now
Let me have you
Let me touch you
Let me get inside [1x]
Your skin, your exquisite flesh, your sweat
Drips down your neck, please tell me one day
You'll be mine, all mine
The heat from your body, drives me insane
And I doubt that I can stand much longer
When I'm around you my body aches
And when I see your face everything else

Just seems fake
Let me have you
Let me touch you
Let me get inside [3X]
How much longer must I wait
How much longer will I crave
How much longer can I stand you
I'm trapped in this Hell
[Gabriel solo 2]Are you the one
That I've been looking for all along
I can't wait any longer
I don't have much time
Please tell me now
Let me have you
Let me touch you
Let me get inside [3x]
