# Sin City (KMFDM Remix)

## Genitorturers

When the tracks are leading home to the limits of hell
We'll yell life sure is swell! In Sin CityIn the heat where the servants of silence dwell
The visions of the wicked are sure to sell! In Sin CityOn the quickest strip goin, come holy high rollin with me
Get you cash cup flowin, come holy high rollin with meIn the heat where the Savior of Sodom dwells
Join hands with the women who squirm in hell, In Sin CityBecause the lord has mercy on the women who sell
Their pussies to the preachers who burn in hell, In Sin CityOn the quickest strip goin, come holy high rollin with me
Get you cash cup flowin, come holy high rollin with me
Let your holy mother blow your fears away
Get on your knees and pray!The Devil's home for the depraved
Where the souls are never saved
That's why the holy rollers say
Get on your knees and prayTo breathe, in Sin City
To lie, in Sin City
Get high, in Sin CityLet your holy water wash away your shame
Cause the judgment day is just another game
On your knees and pray!
