Let's Make a Baby

Billy Paul

Come on, come on, let's make a baby
Oh, baby, come on, come on
(Come on, come on)
Let's bring another life into this world
A little boy, a little girlTake my hand while we walk slowly to the room
Can't you see tonight I'm gonna make sweet, sweet love to you?Girl, don't be shy, don't be shy
This is a moment we've been waiting for
Hey, come by my side, by my side
It's the place you'll be forever more, forever moreSo, baby, come on, come on
(Come on, come on)
Let's make a baby
Oh, baby, come on, come on
(Come on, come on)
Let's bring another life into this world
A little boy, a little girlI want my baby to have shiny eyes like you
I hope and pray that he smiles the same way you doHey, don't be shy, don't be shy
Let's be fruitful and multiply
Come by my side, by my side
It's the place you'll be forever more, forever moreI said, come on, come on
(Come on, come on)
Let's have this baby
Oh, baby, come on, come on
(Come on, come on)
Let's bring another life into this world
A little boy, a little girlLet's put wisdom in his head
So he'll never look back, he'll look straight ahead
We'll teach him the truth and understand the meaning of it all
So he can walk around with his head held tallCome on, come on
(Come on, come on)
Let's have this baby
(Come on, make a baby, come on, make a baby)
Baby come on, come on
(Come on, come on)
Let's bring another life into this world
A little boy, a little girlCome on, come on, come on, come on
(Come on, come on)
Let's have this baby
(Come on, make a baby, come on, make a baby)
A boy, a girl, ooh

(Come on, come on)
It's still your baby
(Come on, make a baby, come on, make a baby)Don't be shy, don't be shy
Let's make a baby
(Come on, make a baby, come on, make a baby)
Come on by my side, by my side
We'll make a baby
(Come on, make a baby, come on, make a baby)Think it over, think it over
(Come on, come on)
But we got to make a baby
(Come on, make a baby, come on, make a baby)
Let's do it, let's do it, let's do it, let's do it
Let's have a baby
(Come on, make a baby, come on, make a baby)Let's do it, let's do it, let's do it, let's do it
And plant this baby
Think it over, let's put wisdom in his head
We'll have a babyLet's give him the meaning of it all, teach him to walk tall
But we got to have the babyCome on, come on, come on, come on, let's make a baby
Little boy, little girl, little boy, little girl
But it's still a babyLet's do it, let's do it, let's do it, let's do it
Let's make a baby
(Come on, make a baby, come on, make a baby)By my side, by my side
(Come on, come on)
We'll make a baby
(Come on, make a baby, come on, make a baby)
Hey, don't be shy, don't be shy
(Come on, come on)
Let's make a baby
(Come on, make a baby, come on, make a baby)Hey, don't be shy, don't be shy
(Come on, come on)
Let's make a baby
(Come on, make a baby, come on, make a baby)Forever more, forever more
(Come on, come on)
The world will be makin' babies
(Come on, make a baby, come on, make a baby)
Think it over, think it over, think it over
(Come on, come on)
Let's have a baby, mmm hmm, come on
(Come on, make a baby, come on, make a baby)Come on, come on, come on, come on
(Come on, come on)
Let's have a baby
(Come on, make a baby, come on, make a baby)
Let's put the wisdom in his head, teach him the truth
(Come on, come on)
Let him look straight ahead and walk tall

(Come on, make a baby, come on, make a baby)You know, babies are born every day
(Come on, come on)
Girls, boys, life is never gonna stop
(Come on, make a baby, come on, make a baby)
But it begins, it dies, and it begin again
(Come on, come on)
And all I was tryin' to say, come on, come on
(Come on, make a baby, come on, make a baby)
Don't be shy, by my side(Come on, come on)
We'll have the baby, that's all it takesBy my side, don't be shy, we'll have the baby
