

# And Death In My Arms

## All That Remains

And death lay in my arms as colors fade  
From gold to gray

Gray now broken my foolishness displayed  
Hands tight around her throat this violent loving embrace

Lying restful safe in my arms  
Steady rhythm trust she'll come to no harm  
Feel her tremble as the nightmare begins  
Sleep the horror as the nightmare it ends

I hear her whisper a sweet sound  
Fanning the flames  
These thoughts consume me and leave me wallowing

Gray now broken my foolishness displayed  
Hands tight around her throat  
This violent loving embrace  
My fingers tremble her lips move silently  
One last I love you crush my resolve again
