

# Top of the World

## Mandy Moore

For a time I thought my faith, it must be hiding  
Searching through the sky, hoping to find a way  
A way, to get me through the day  
When where I belong, is this where I should stay? You lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide worldThere's a strength in me, it seems I have forgotten  
Now I realize today, I'm starting to dream again  
Again, was a matter of when  
I guess we all lose our way now and thenYou lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide worldYou lift me up when I was fallin'  
You lift me up when I was fallin'You lift me up when I am fallin'  
You're my friend when I was callin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide worldYeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
Always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
YeahTop of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'

Now I'm on top of the world  
Top of the whole wide world
