

# Keep Calm and Carry On

John Nolan

Nighttime is quiet and smooth.  
It wraps itself around us,  
Keeps us in tune.  
We don't have to think,  
We only have to do.  
The ghosts of the past  
Keep screaming from their cages.  
The men in their masks  
Keep telling us we're lost. We keep calm, carry on  
Keep calm, carry on  
It's alright Moonlight on skin.  
We move with the wind that shapes the waves,  
Past unforgiving eyes  
through the shadows of their doubt.  
We don't argue or fight.  
We've got nothing to prove.  
We float past.  
You don't ask what you think of what we do. We keep calm, carry on  
Keep calm, carry on  
It's alright We don't argue or fight.  
We've got nothing to prove.  
We float past.  
You don't ask what you think of what we do. We keep calm, carry on  
Keep calm, carry on  
It's alright We don't argue or fight.  
We've got nothing to prove.  
We float past.  
You don't ask what you think of what we do.
