

In My Life (feat. Avery Storm & Mase)

Nelly

Yo turn the mic up
I haven't been in here in 5 years
And keep the lights on we got company
Ok, I don't think they gon' really understand this one right here man
Not at all not at all
We got a special guest in the house tonight
Who is that?
But first You see though I ain't the one that'll pay for your phone
The way you lookin' ma I might just pay for your home
Right through the ceremony give you the throne
Put you somewhere out you know birds can't come
I don't wanna be your man boo I wanna be the one
To get inside your brain and give you my last name
I swear I can change I put that on er'rything
You ain't happy while happy wit me boo
Then gimme the blame
Different color ring for er'ryday of the week
You can go on and set it up for me n pops to meet
'Cuz I'm a ask him for you hand and show that I'm a man
I'm a tell him my plans because Me and you was meant to be as one now
Me and you we gon' have some fun now
Me and you from sun up to sun down
Me and you that's one thing I know for sure I still love you, I still want you
I still need you in my life in my
I still, I love you
I want you in my life
One man one cat made to win
I heard your hear to change the game again
Mason Betcha Heaven sent
No game can change what you represent
You can't call me with no money that I never spent
They'll make planes to go where I never went
And I ain't gotta to keep sinning to keep spinnin'
I prefer pink dice with peach linen
I teach these women what they in this earth for
Search your find out you really worth for
I change your esteem you was made for a king
Do he really love you? He ain't give you a ring
I erase the hate that made you mean
Got you 20 lookin' 50 and you only 18
Then ya slate clean it's not a fake dream
Bye bye hatas we off for high hatas
I still love you, I still want you
I still need you in my life, in my
I still, I love you, I want you

In my life Me and you was meant to be as one now
Me and you we gon have some fun now
Me and you from sun up to sun down
Me and you that's one thing I know for sure So girl tell me is there something I can do to see you
Maybe you can make a little time I'll meet you
I just gotta tell you what I'm goin' through
Gotta let you know I still love you There's so many things I wanna share with you
So much is there to make me miss you
For what it's worth girl I swear it's truth
Girl I wanna let you know I still love you I still love you, I still want you
I still need you in my life, in my
I still, I love you
I want you in my life I still love you, I still want you
I still need you in my life, in my
I still, I love you
I want you in my life
