

# To Hell and Back

## Jessie Baylin

I could not tell  
I could not say it all  
I went to hell and back  
    again  
    so say goodnight  
    don't shift away(?)  
I went to hell and back  
    again  
    you know me well  
you know me well my love(?)  
    you know me well  
    woo I don't look back  
    see straight ahead  
I fell for you and then  
    a shame settle then(??)  
    so go away  
    don't come on here no more  
    just make your peace and don't  
    forget to shut the door  
    you know me well  
you know me well my love(?)  
    you know me well  
    you know me well  
    woo
