

Fly as the sky (Feat. Lil Wayne, Rasaq)

Chamillionaire

[Chorus]

"F" what you heard me,

See me in person

You know I'm fly

You know I'm fly

You know I'm fly

Even your girlfriends and all her girlfriends

You know I'm fly

You know I'm fly

You know I'm fly

I keep it dirty, dirty you heard me

You know I'm fly

You know I'm fly

You know I'm fly as the sky

Fly like a birdy (what?)

Fly like a birdy

Fly like a Yellow band, excuse me Cham, please give me the time again

Diamonds so large, the minute hand ain't got no time for them

Damn! How you supposed to see the time when them

M & M-sized diamonds lay right beside the hand

Chamilll, Rasaq, and Lil Wayne make a nigga feel ashamed

Trying to hide the bling in the middle of your little chain

In the drain, down it go, say they love the sound of those

Chamillitary boys, we the illest boys around here hoe

Flier than a bird yes but your correct if your guess

Is that the eagle gonna hurt when aiming at your bird chest

Pow! Forget your feelings, I could care less

Leave you where I leave you, you can see ya in the turbulence

Girl do yourself a favor and don't say I have to pay ya

Give a favor to a playa and just pass it to my neighbor

And when your finished could you tell your friend to flavor

Cause the king ain't gonna savor, just gonna save that ass for later[Chorus]Mayne I'm fly as a plane, me and Lil

Wayne

Spitting game, leave a girl Weezy like his name

We don't have to say a thing cause the chain can explain

First they look at the piece then they look at the rang

I'm fly as a pelican, ice on my skeleton

On a Sunday morning, I stay sharper than a reverend

Candy on my doors, looking something like gelatin

Syrup in my cup but I ain't talking about medicine
I'm cold as an Eskimo, throwed from my head to toe
The white tee fresh but it starts in my denims though
Yeah and if I pull down my fly, I could piss on the sky
Cause nigga I'm that high
I pulled up in heaven up in the candy painted ride
And I gave Jesus five and I'm still alive
Even though I know them haters wish I would die
Even in they day dreams, I'm a still stay fly boy [Chorus] They call me Birdman Junior, I'm flier than the rest
I'm trying to get a couple cool pigeons to the nest
And if you look at how the jewels glisten on my chest
Then you will be impressed and yes that's V-S
Fly boy to death, I used to only fly
First class on every plane 'til I bought a jet
I'm on the runway, let down the steps
Open the phantom door and light up the cess
I smoke the best, Chamillion come get me
From University of Houston after I pass my test
Swisha laced wit' syrup, it'll come your nerves
So boy I'm so high, I could palm the world
Yeah and I'm strapped for the turbulence
Pow! Now you up here with me in a cloud (Chea)
They call me Weezy Baby, the son of a stunner
Bitch I'm flyer than a motherfucker, ya know [Chorus] Poster child to the pop trunk, I pop it up and let it bang
I'm show ya how to rep the city, correctly run the game
Grip tightly on the grain, turn it left and we call it swang
Let me show ya how to make the baddest ladies scream your name
I'll put that boy "J" Junior in the future in a body bag
I'm trying to poke that bad body like a boxing bag
Trying to get below the belt and beat it like a boxing jab
Hit it then I quit it like I dropped out of a boxing class
Know how we doing it, we been chopped and screwing it
Coming to get that number one spot you got like Ludacris
Know he acting groupie-ish taking a sip out Luda's Cris
We buy our own bottles, grab one and put it to your lips
Hating on your hood, throw your hood up, put it in his face
Reppin' Texas, got that real estate down in that realest state
Didn't need a bigger place, didn't need a bigger face
On my watch but forgot and went a got them both a place
Fix ya face
