

# Red, White, And Blue

Brian Mcknight

Baby  
Tomorrow I'ma hafta fight  
Leaving at first light  
And all I can think of is you

Baby  
I can hear you tryin not to cry  
I'm afraid and I ain't gonna lie  
I gotta do what I've been trained to do

I'm a little tired, but I'm doin fine  
I got my brothers back and he's watching mine  
Just keep praying that we'll all make it through

I fight for what's right  
And I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black  
We don't see white  
We just see what we hafta do  
All we see is red, white, and blue  
Fighting for our red, white, and blue

Baby  
How's our little baby girl?  
Does she know her daddy's half way round the world?  
Tell her she is my heart  
Well...  
I've only seen her in a photograph  
Don't know whether to cry or laugh  
While I'm out here in the dark

I get so damn tired but I'm doin fine  
Got my brothers back and he's watchin mine  
Just keep prayin that we'll all make it through

I fight for what's right  
And I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black

We don't see white  
We don't see what we hafta do  
All we see is red, white, and blue  
Fighting for our red, white, and blue

I don't know the reasons why  
Sometimes at night I sit and cry  
It's hard to tell you what I'm goin through  
What I'm goin through...  
When all we have is this telephone  
On this telephone...  
Don't know when I'll be comin home  
I just need you to keep praying that I do

I fight for what's right  
And I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black  
We don't see white  
We don't see what we hafta do  
All we see is red, white, and blue  
All we see is red, white, and blue  
Fighting for our red, white, and blue
