

Slightly Stoopid

Slightly Stoopid

I don't know why I've been losing control
All them fuck, all this shit and down in the hole
Friends keep on tellin' me what I'm doin' wrong
I'm slightly stoopid never passing up the bong
One, two, three, four
They try and say to me that I'm such a fool
Fool stands for they ain't cool
Don't try to say to me what the hell I'm doin' wrong
I'm slightly stoopid never passing up that bong
One, two, three, four
[Incomprehensible] and buried in this hole
That's why I'm so stoopid and out of control
Society's broke up and they'll shoot us away
'Cause I'm slightly stoopid and there's nothing else to say
One, two, three, four
