

# Just the Way

Frankie J

It's just the way, it's just the way, it's just the way you feel  
It's just the way, it's just the way, it's just the way you feel  
It's just the way, it's just the way, it's just the way you feel, come on  
It's just the way, it's just the way, it's just the way you feel I see you lookin' fine and so lookin' so right  
I love the way you walk when you pass me by  
You got me all shook up got me all shook up lady, oh  
I love the way you smile it always drive me wild  
It makes my heart bet go 1,000 miles  
And I can't make it stop can't make it stop lady 'Cause you really make me feel like no other feelin' I've felt  
before  
It makes me wanna shout baby makes we just wanna be, yeah  
I wanna be more than just your average friend  
'Cause I wanna be down yeah It's just the way you feel oh it's got me goin' crazy  
It's just the way you feel ain't gonna lie to myself no more  
It's just the way you feel, yeah  
I gotta keep it real, gotta keep it real  
It's just the way you feel baby Well we've been goin' out and we've been hanging out  
And you've been tellin' people we're just friends  
Tell me what I should believe what about the kisses  
What about the hugs what about those nights of makin' love  
What about all the above 'Cause you really make me feel  
Like no other feelin' I've felt before it makes me wanna shout  
I just wanna be, wanna be more than your friend It's just the way you feel oh it's got me goin' crazy  
It's just the way you feel ain't gonna lie to myself no more  
It's just the way you feel, yeah  
I gotta keep it real, gotta keep it real  
It's just the way you feel baby It's like I dread every time you go  
I know that we friends but I want much more  
I wanna pull you close and whisper in you ear  
I need you ma just stay right here with me But you always leave  
Before I can open up my mouth to speak  
Then I'm left by myself all alone  
But I yearn for the day to complete my soul And I don't know if it's you but you make me feel  
Like the way I ain't felt since my teenage years  
But this is more than a crush, more than a lust, could  
It be that I'm fallin' in na, it can't be, it can't be that I Only a fool can love someone who don't  
Love them backhand that won't be me  
No way, no how but I gotta  
Tell you this right now that It's just the way you feel oh it's got me goin' crazy

It's just the way you feel ain't gonna lie to myself no more  
It's just the way you feel, yeah  
I gotta keep it real, gotta keep it real  
It's just the way you feel baby It's just the way you feel oh it's got me goin' crazy  
It's just the way you feel ain't gonna lie to myself no more  
It's just the way you feel, yeah  
I gotta keep it real, gotta keep it real  
It's just the way you feel baby
