

Clueless

The Soviettes

Hey you, you don't know me
So don't pretend like you do
I hear the shit you say loud
Your red, white, and blue
You don't have a clue do you? Do you?
Do you know why they hate us?
Could it be because of you?
You and your daddy can fuck your red, white, and blue, yeah!
You don't have a clue do you? You don't have a clue do you?
