

Kick It In

Simple Minds

Love gives me poetry
Stays up all night
And puts a curse on me
Oh, anything you want Turn around and I'll take you there
I know it's going to be
Take your shackles off o' me
This city's gone, I'm gone over there Kick it in, kick it in
Build it up
And burn it down again
Kick it in, kick it in Burn down to the ground
Kick it in, kick it in
Tell me about this place you've been
I don't want it there's a fever going around Take a walk down town
See what's going on
If you want to find a hidden key
There's nothing here on me Any city, anywhere
Any color I don't care
You belong to me
And that's the way it's gonna be Kick it in, kick it in
Yeah kick it in, kick it in Raise it up and let it live again
Feel your body shake and take off
You can lie but keep it in
Keep me down here wondering What's it going to be
Come on in
I like the shape you're in
You keep me wondering, wondering, wondering Eyes upon you black and brown
Spread your love all over town
Give me fire, body heat
Say, hello to me I want to go anywhere
Any color I don't care
Don't believe in all you see
And don't get caught Kick it in, kick it in
Tell me about this love you've been
Kick it in, kick it in
Turn this life around Kick it in, kick it in
Shake the ghosts from deep within
Close the door down
Don't let the demons in Yeah
I only want to be your friend

Put your hands in my hand
And take off with me Listen baby, I'm going home
I'm going home
I'm going home
Come on walk with me 'Cause I know what I see
Kick it in, kick it in, kick it in
Tell me 'bout the place you're in
I've got a new gold dream I'm moving on, I'm moving on
You're moving on, you're moving on, yeah
You're moving on, yeah
Kick it in, oh kick it in
