Ghost Inside My Head

Vampires Everywhere

Here lies the truth, I know just what to tell you
I won't be hurt again by this ghost inside my head
And now you see, just what you did to me
Won't erase the pain
It all remains the same

You tied my hands behind my back
Hoping you would bury me
Get the best of me
Your lies fell behind the cracks
Hoping I would never see
And all this time you played my sympathies
Woah oh, oh oh, oh oh

You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)
Until it comes to an end
You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)
You are the ghost inside my head

You tried to whisper sweet revenge
Hoping you would let me go
Just let me go
I can't believe, I never knew
All the lies you put me through
My bullet holes are visible to you
Woah oh, oh oh, oh oh

You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)
Until it comes to an end
You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)

You are the ghost inside my head

You sewed my eyes with your thread of lies
Then you lead me behind
You sewed my eyes with your thread of lies
I won't be hurt this time

You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)
Until it comes to an end
You are the ghost inside my head
And I bet it's lonely there
These wounds won't heal again (wounds won't heal again)
You are the ghost inside my head

You sewed my eyes with your thread of lies
Then you lead me behind
You sewed my eyes with your thread of lies
I won't be hurt this time
