

Doomsday (NFS Underground 2 OST)

Overseer

Beats! Bass!The sound sinister
Administer ways to set the world ablaze
Tracks flamed
Untamed bass raps unchained
Overseer saw the skys turn grey
Doomsday tidal waves from the US to the UKBack against the wall
I stand tall
Face the grim
Blow decibels way past known levels
My method of madness is this
Sadness, gladness
All emotions evoked
Thoughts provoked
Beats come cloaked and daggered
Torn and tattered
Sleep the dreams
Dreams get shattered
Witness sound transformed to matter
Bone, flesh and plasma
Bone, flesh and plasma
It's ironicBeats! Bass!Bass raps unchained
Overseer saw the skies turn grey
Doomsday tidal waves
Doomsday tidal wavesAttack tracks rap phantasm
Kicks and snares hit
Inflict back spasms
Necks cracked detached from spines
Vertebrates and backs
I paint with language
Place my verse on canvassSip the spirits
Lyrics cause wayward shifts to crash like the sirens
I stalk concrete jungles and prides like lions
Standing top Mount Zion
Trying to reach heaven without dying
I'm riding sound waves like Posiden
I clutch tight the trident
Bugles blare announcing his arrival
Overseer, overseeing
Carpe diem seize the day

Drum track echos twenty thousand leagues away

I fly Concorde cross Atlantic

Beats, bass chords cause panic

Horns forewarn the swarm

Melodies freeze planets

Hemispheres severed

Seas, trees shattered

Birds, bees scattered

Earth knocked off its axis

Forty-five degree slanted

Arcane old spells

Wizadry repells

Lock, stock two barrels and a handful of shells

Rebellions quelled

Oceans swell

Thoughts prevail

Heaven or HellBass raps unchained

Overseer saw the skies turn grey

Doomsday tidal waves

Doomsday tidal waves
