M.O.R.

deLillos

It's automatic
I need to unload
Under the pressure
Gone middle of the road
Fall into fashion
Fall out again
We stick together
'Cause it never ends

Here comes a low
I'm a boy and you're a girl
Here comes a high
The only ones in the world
Here comes everything
You and me can work it out
Here it comes
You, me, we'll work it out!

Here comes tomorrow
1 2 3 episodes
We stick together
Gone middle of the road
'Cause that's entertainment
It's the sound of the wheel
It rolls on forever
You know how good it feels

Here comes a low
I'm a boy and you're a girl
Here comes a high
The only ones that's in the world
Here comes everything
We're like monkeys out in the space
Here it comes
We are members of the human race
You, me, we'll work it out!

It's automatic
I need to unload
Under the pressure

Gone middle of the road
Fall into fashion
Fall out again
We stick together
'Cause it never ends

Here comes a low
I'm a boy and you're a girl
Here comes a high
You're the only one that's in the world
Here comes everything
You and me can work it out
Here it comes
You, me, we'll work it out!
