

Roll the Dice

Enforcer

I'm going down the road just living for the day*
Since I rolled the dice there ain't no other way
Thrills and excitement it fills me with delight
 Look out for me, I strike tonight!
 Awake the lust to love, awake the lust to kill
I make another throw and you law becomes my will
There must be ways to roll to take me even higher
 There must be ways to reach the burning fire
 Out in the night on my own
 Found myself playing a game
 Living to win, living to lose
 Come on and let go
 Roll the dice!
Trapped by the power, the power of its will
 My only exit is for my own blood to spill
I have no chance to run, I have no chance to hide
 Got a pact with evil and the devil by my side
 Out in the night on my own
 Found myself playing a game
 Living to win, living to lose
 Come on and let go
 Roll the dice!
