

# In the Morning (Kiko Franco & Cat Dealers Remix)

ZHU

I only call when I'm alone  
I only call when I'm alone I only call when I'm alone  
I only call when I'm alone Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me  
Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me Touch me in the morning  
Touch me in the morning I only call when I'm alone  
I only call when I'm alone  
I only call when I'm alone  
I only call when I'm alone Touch me in the morning Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me  
Touch me in the morning  
I'll tell you while you're moaning, baby  
There's something in this water  
So drink it 'til you're falling for me Touch me in the  
Touch me in the  
Touch me in the  
Touch me in the  
Touch me in the morning
