

Let There Be Love (7" Mix)

Simple Minds

Secrets of lovers
Whisper tonight
Broken down angel
Got lost in the cold daylight
The city is screaming
And I look for your eyes Someone to lean on through the night
Your music talks to me and hits me tonight
One candle burning, I hear your voice say So let there be love
Let there be love
Love
Let there be love It heals and it hurts
She leads you to heaven's door
And leaves you for dirt Someone to lean on, that's your own
Some magic conquers me and lives in my soul,
She comes like an ocean and I hear you sing
Love will conquer anything So let it be love
Let it be love
Love
Let it be love The wall's down
They're coming down
I can't slow
I know it now
So stay now
Hold on
And I'm praying So let it be love
Let it be love
Love
Let it be love I know what I want
I know what I feel
I know what I want So let there be love
So let there be love
Let there be love
